

***CIVIC***

## Go bold or go home

Dare to dream and bold things can happen. That's the sort of brave, innovative thinking that inspired the new Civic. This new Sedan model is taking sporty sophistication to a whole new level with the all-new 1.5 Turbo engine option. The only question is, are you ready for it?

## > Make a statement

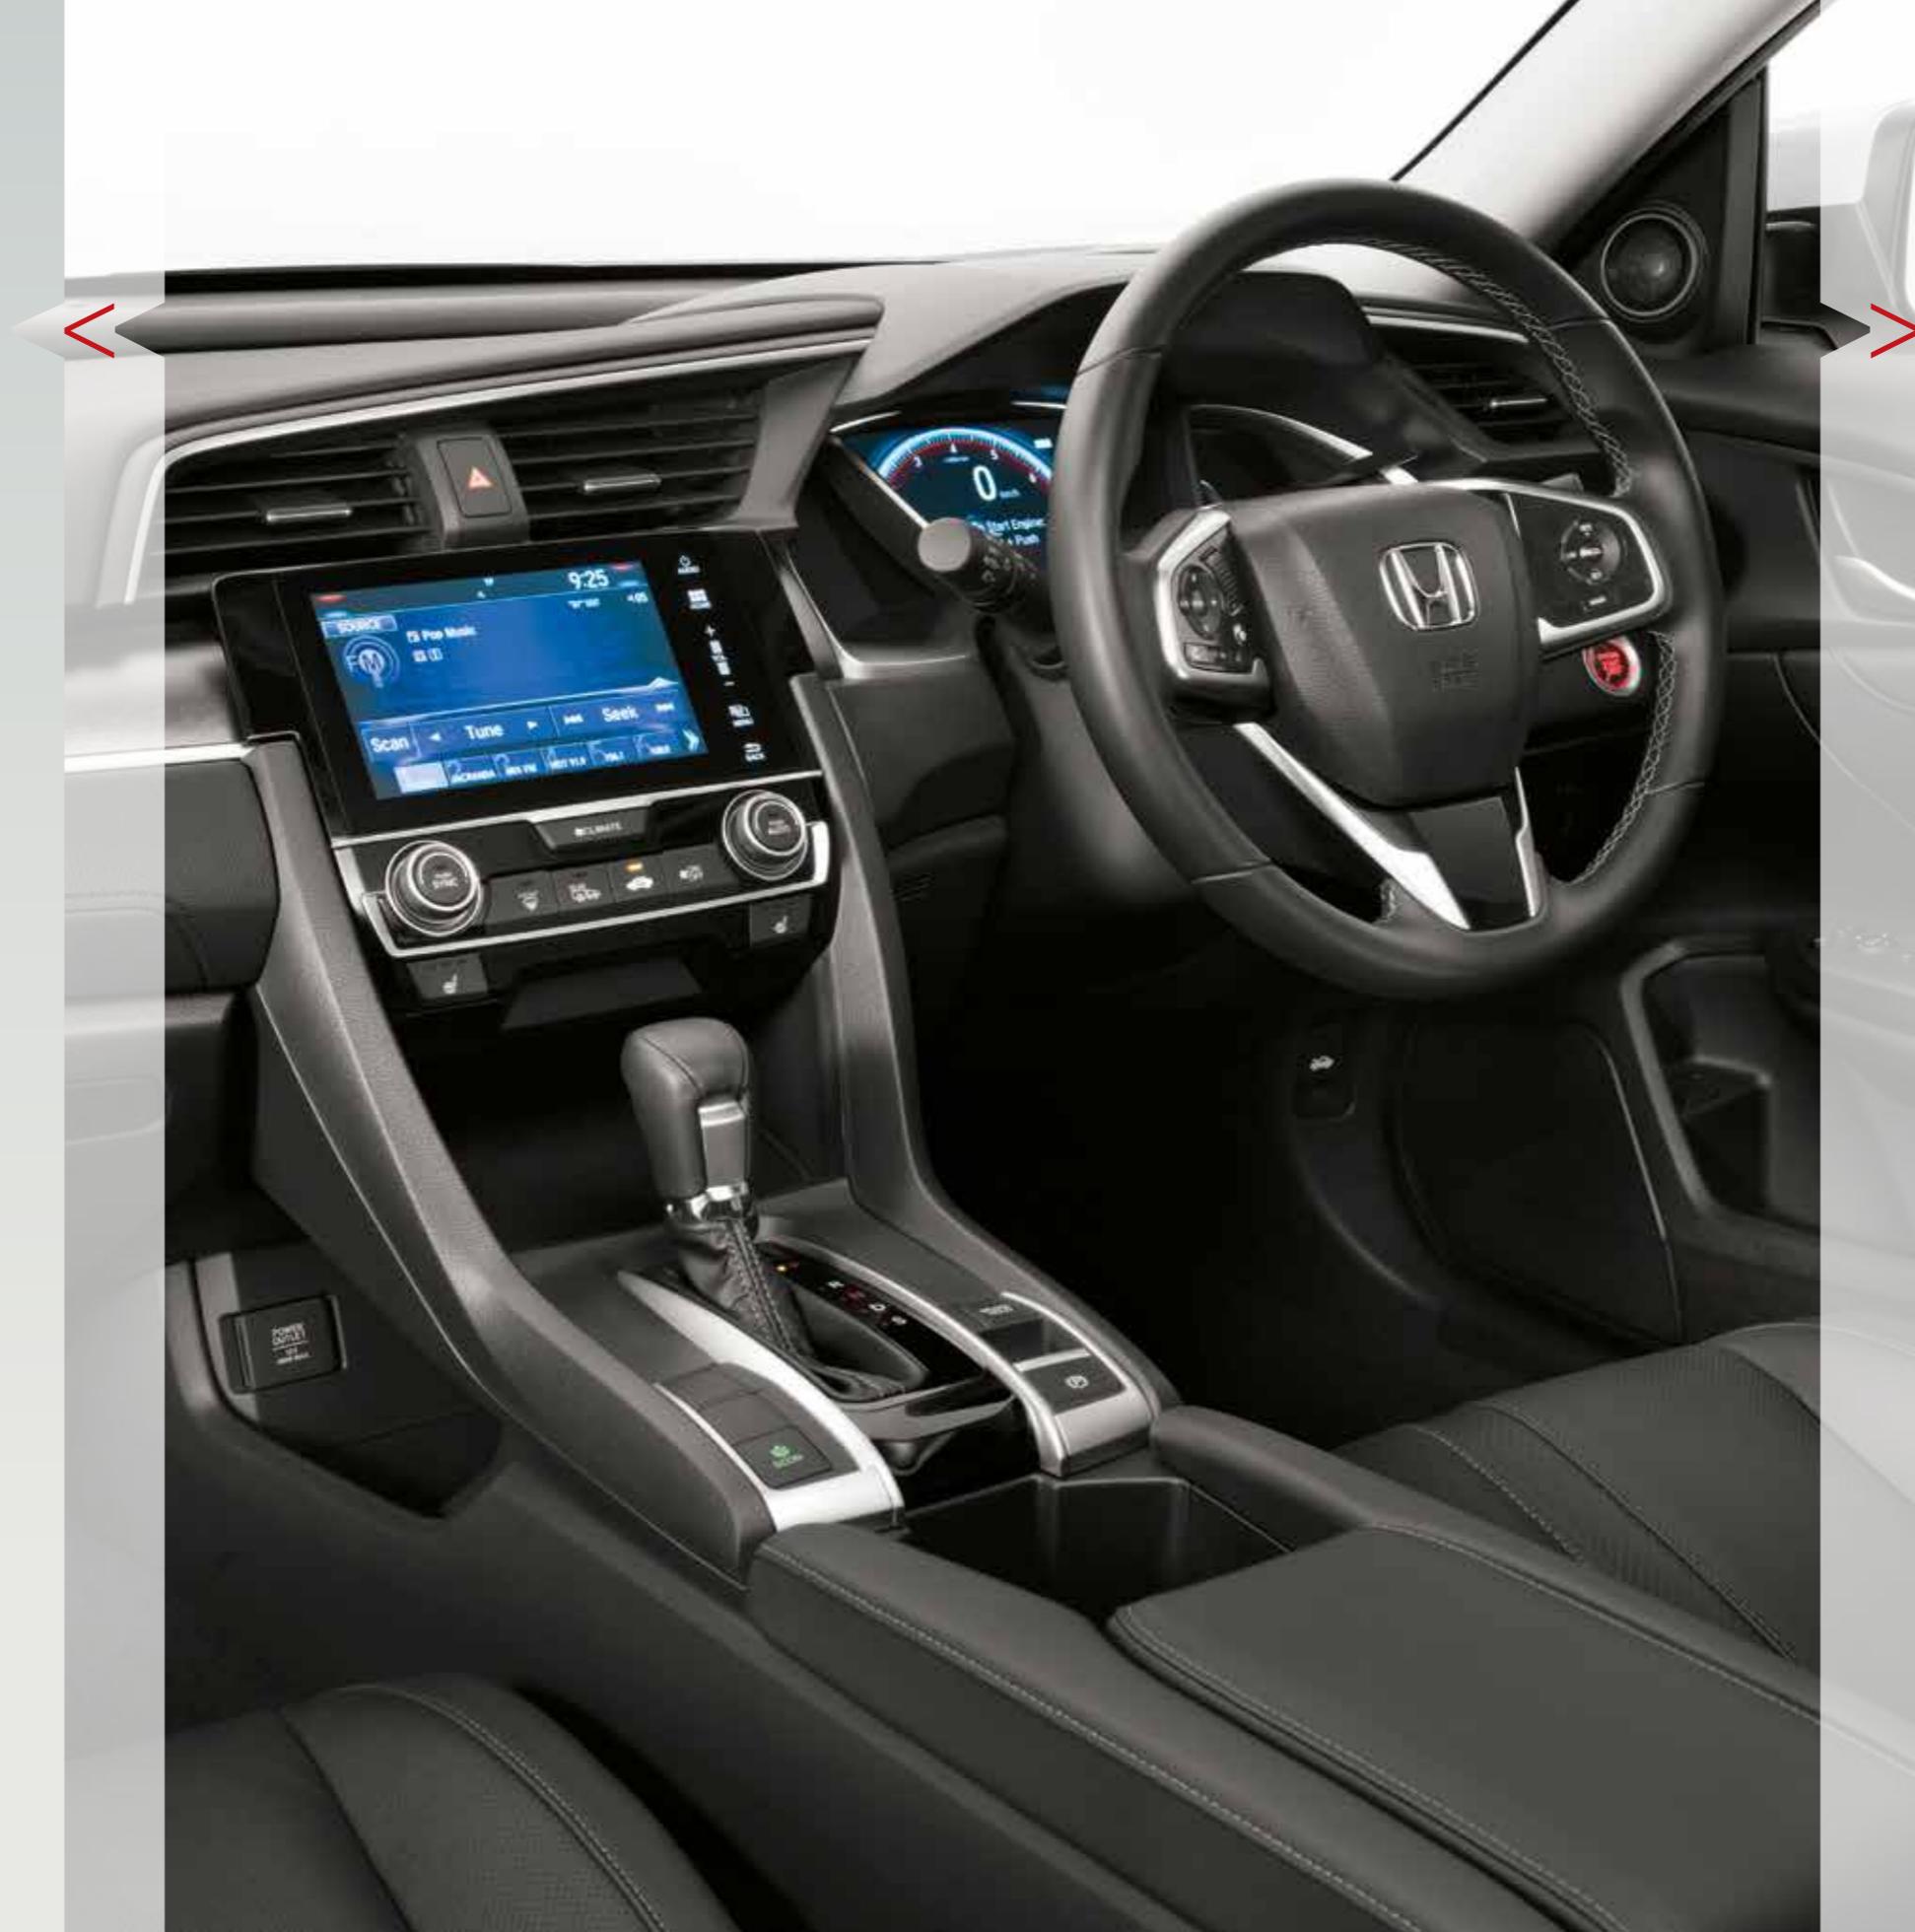

The new Civic simply demands attention. Every part of the new shape was crafted to exude the perfect combination of bold sophistication and sporty excitement. A roofline inspired by the world's most incredible coupés gradually drops down into a low but incomprehensibly strong stance to form a complete look like no other in our range.

Contoured wheel arches then go on to expertly frame a set of 17-inch alloy wheels, while a dynamic range of LED Daytime Running Lights give the exterior of the new Civic an unparalleled appeal. It's the ultimate combination of class and sportiness all wrapped up in the perfect gift that is the new Civic.

## All about detail

The careful detail and air of sophistication are reinforced in the interior, where a perfectly composed dash awaits. High quality, soft-touch surfaces come together with high-end technology like electrostatic volume control, dual-zone climate control and even a push button start to satisfy you at every point of comfort.

It's not just about comfort, we know you like practicality too. We have improved general visibility and ensured even more boot space in the rear. We've even replaced the manual park brake with a more intuitive electronic design. Actually, we've streamlined your driving experience in just about every way conceivable.

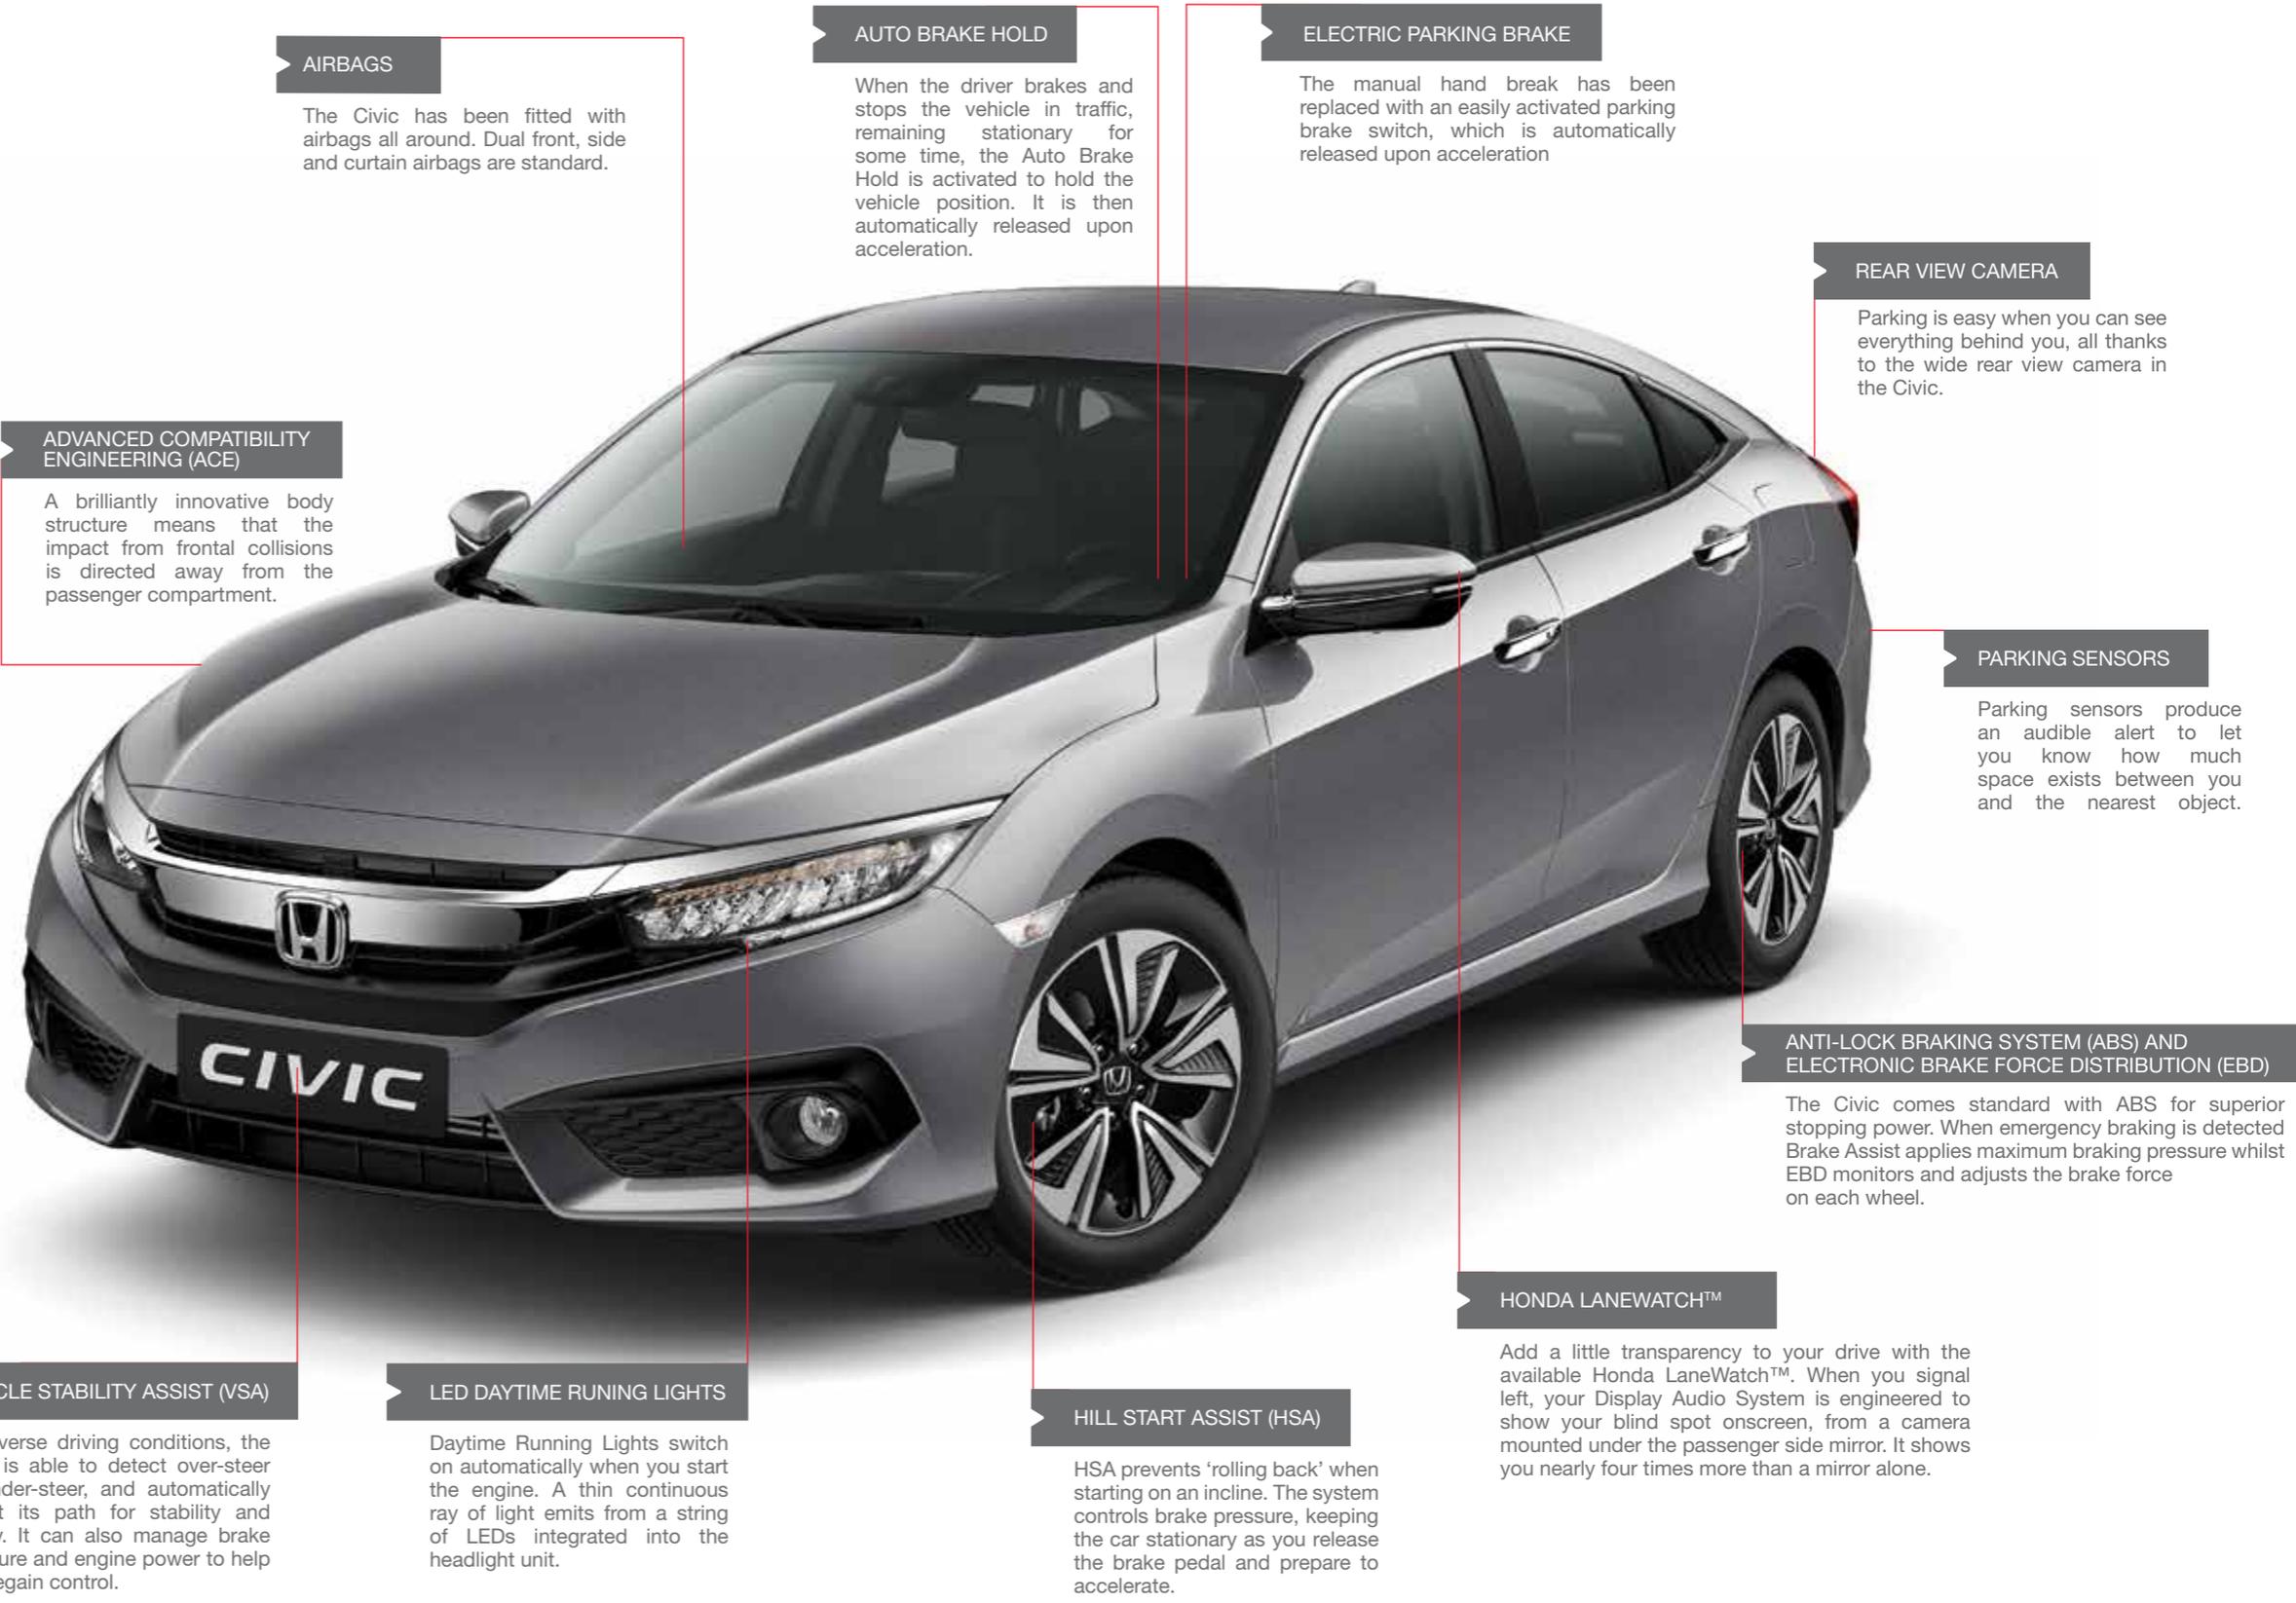

## Connect to your world

It wouldn't be a Honda if it didn't feature a cleverly designed interface for your ultimate convenience. Whether you're looking to be entertained, in-touch or out of harm's way, the new Civic takes the things that matter to you most and makes sure they're always where you need them. It's even in 7-inch full colour, for your viewing pleasure, simply tap, press or swipe through music, contacts, camera displays and much more.

## Stay safe

It's not enough to have a car that makes an aesthetic statement, you also want to feel secure. The new Civic hosts some of the most advanced safety technologies available in this day and age. This means there's an entire set of features specifically dedicated to keeping you safe.

### AIRBAGS

The Civic has been fitted with airbags all around. Dual front, side and curtain airbags are standard.

### AUTO BRAKE HOLD

When the driver brakes and stops the vehicle in traffic, remaining stationary for some time, the Auto Brake Hold is activated to hold the vehicle position. It is then automatically released upon acceleration.

### ELECTRIC PARKING BRAKE

The manual hand break has been replaced with an easily activated parking brake switch, which is automatically released upon acceleration

### REAR VIEW CAMERA

Parking is easy when you can see everything behind you, all thanks to the wide rear view camera in the Civic.

### ADVANCED COMPATIBILITY ENGINEERING (ACE)

A brilliantly innovative body structure means that the impact from frontal collisions is directed away from the passenger compartment.

### PARKING SENSORS

Parking sensors produce an audible alert to let you know how much space exists between you and the nearest object.

### ANTI-LOCK BRAKING SYSTEM (ABS) AND ELECTRONIC BRAKE FORCE DISTRIBUTION (EBD)

The Civic comes standard with ABS for superior stopping power. When emergency braking is detected Brake Assist applies maximum braking pressure whilst EBD monitors and adjusts the brake force on each wheel.

### HONDA LANEWATCH™

Add a little transparency to your drive with the available Honda LaneWatch™. When you signal left, your Display Audio System is engineered to show your blind spot onscreen, from a camera mounted under the passenger side mirror. It shows you nearly four times more than a mirror alone.

### HILL START ASSIST (HSA)

HSA prevents 'rolling back' when starting on an incline. The system controls brake pressure, keeping the car stationary as you release the brake pedal and prepare to accelerate.

### LED DAYTIME RUNNING LIGHTS

Daytime Running Lights switch on automatically when you start the engine. A thin continuous ray of light emits from a string of LEDs integrated into the headlight unit.

### VEHICLE STABILITY ASSIST (VSA)

In adverse driving conditions, the Civic is able to detect over-steer or under-steer, and automatically adjust its path for stability and safety. It can also manage brake pressure and engine power to help you regain control.

## Sense the safety

The Honda Sensing suite of driver assist technologies is not only state of the art but specifically engineered to cater to your every safety need. Wherever you go, you'll feel secure going there.

### ADAPTIVE CRUISE CONTROL (ACC) WITH LOW-SPEED FOLLOW

The ACC system is designed to keep a set speed and set following interval behind a vehicle detected ahead of yours, including the ability to start and stop the vehicle with the flow of traffic.

### LANE KEEPING ASSIST SYSTEM (LKAS)

The LKAS is engineered to gently correct your steering when you begin to leave a detected lane without signalling, applying torque progressively to the steering to help guide you back to the centre of the lane.

### COLLISION MITIGATION BRAKING SYSTEM™ (CMBS®)

To help reduce the likelihood or severity of a frontal impact, the available CMBS® is engineered to apply the brakes if you don't slow down when it senses you're at risk of a collision. If it still senses an imminent collision, CMBS® is designed to brake firmly.

### ROAD DEPARTURE MITIGATION (RDM) SYSTEM

The available Road Departure Mitigation system is designed to help steer and even apply the brakes when necessary to help keep the vehicle from leaving the road.

### LANE DEPARTURE WARNING SYSTEM

The Lane Departure Warning system is designed to monitor vehicle lane position and alert you when your vehicle drifts into a new lane when you haven't signalled.

### FORWARD COLLISION WARNING SYSTEM

The Forward Collision Warning system that is integrated with CMBS® is designed to detect the presence of vehicles in front of you and issue alerts if you're approaching with too much speed. If you fail to respond to the alerts, the CMBS® is triggered into operation.

### ADAPTIVE CRUISE CONTROL (ACC)

### LANE KEEPING ASSIST SYSTEM (LKAS)

### COLLISION MITIGATION BRAKING SYSTEM (CMBS)

Primary warning: When there's a risk of collision ahead, or the distance between the two vehicles is too short, the alarm sounds and the word BRAKE appears on the i-MID (Intelligent-Multi Information Display). This alerts the driver to take action in order to avoid collision.

Secondary warning: If the distance between the two vehicles continues to decrease, CMBS applies light braking and the seatbelt E-pretensioners in the driver's side gently pull two or three times. At this point the E-pretensioners pull the seatbelts with enough force to properly restrain you and your front passenger, giving you time to react and avoid a collision.

Third warning: At this stage, there's a chance that a collision will occur. The CMBS system starts emergency braking and activates the brake assist function to reduce speed. At the same time the seatbelt tightens to reduce the impact of the collision on the driver and front passenger.

## Embrace the power

Introducing Honda's first ever 1.5 litre VTEC TURBO engine that is equipped with the Honda's revolutionary Earth Dreams Technology. This direct-injection powerplant generates an impressive 127kW with the ruthless efficiency of just under 6 litres of fuel per 100km.

A refined 1.8 litre i-VTEC option, generating 104kW, is also available. Both come fitted with Honda's Continuously Variable Transmission, intuitively selecting the optimum gear ratio for smoother, more rapid acceleration.

The driving experience is enhanced through the development of a lighter yet more rigid chassis and a revised independent suspension setup. The Civic takes corners with confidence, a lower centre of gravity and wider track boosts stability, gripping the road even at high speeds.

# Comfort <

## Key Features of the 1.8 Comfort CVT

- 1.8 litre iVTEC 4 cylinder engine 104kW @ 6500rpm and 174Nm @ 4300rpm
- Electric parking brake with automatic brake hold
- Hill Start Assist
- Electrically adjustable door mirrors
- LED Daytime Running Lights (DRL)
- Automatic air conditioner
- 60:40 split fold rear seats
- 4 speaker audio
- 5-inch Display Audio including:
  - AM/FM radio
  - Bluetooth HFT
  - USB connectivity
- Antilock Braking System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Emergency Stop Signal (ESS)
- SRS airbags: front, side and curtain
- Vehicle Stability Assist (VSA)
- Headlight auto-off timer
- Electric windows all round
- Body coloured door handles and mirrors
- Security alarm

# > Elegance

## Key Features of the 1.8 Elegance CVT

- 1.8 litre iVTEC 4 cylinder engine 104kW @ 6500rpm and 174Nm @ 4300rpm
- Electric parking brake with automatic brake hold
- 17-inch alloy wheels
- Front fog lights
- Heated Leather seats
- Leather covered steering wheel and gear knob
- Rear parking sensors
- Cruise control with adjustable speed limiter
- Power folding door mirrors
- 7-inch touchscreen Display Audio
- Rain sensing wipers
- Paddle shift gear control
- Heated door mirrors
- HDMI Jack

# Sport <

## Key Features of the 1.5T Sport CVT

- 1.5 VTEC TURBO engine
- 127kW @ 5500rpm and 220Nm @ 1700-5500rpm
- Smart keyless entry
- Engine push start button
- Remote controlled engine start
- Walk away door lock
- LED headlights with auto adjustment
- LED fog lights
- Rear Wing spoiler
- Sporty alloy wheels
- Aluminium sports pedal
- Piano black upper and lower grille
- Chrome door handles

# > Executive

## Key Features of the 1.5T Executive CVT

- 1.5 VTEC TURBO engine
- 127kW @ 5500rpm and 220Nm @ 1700-5500rpm
- Smart keyless entry
- Engine push start button
- Remote controlled engine start
- Walk away door lock
- LED headlights with auto adjustment
- Satellite navigation
- LaneWatch™
- Honda Sensing suite of driver assist technologies including:
  - Forward Collision Warning
  - Collision Mitigation Braking System (CMBS)
  - Lane Departure Warning
  - Road Departure Mitigation System (RDM)
  - Lane Keeping Assist System (LKAS)
  - Adaptive Cruise Control (ACC) with Low Speed Follow (LSF)

# Accessories

Add a personal touch to your Civic with a choice of stylish and practical accessories.

For more information on these and other items that are available, please contact your Honda dealership.

- 01 Front under spoiler
- 02 Fog light garnish-chrome
- 03 Rear under spoiler
- 04 Side under spoiler
- 05 Step LED front & rear
- 06 Trunk spoiler decklid
- 07 Trunk spoiler wing
- 08 Trunk tray outside

# Colours

The new Civic already has the look you're going for, now it's time to make it your own. We have entirely unique colour variations for you to choose from so when you take your new Civic home, you know it's all yours.

- 01 Rallye Red
- 02 Brilliant Sporty Blue Metallic
- 03 White Orchid Pearlescent
- 04 Lunar Silver Metallic
- 05 Modern Steel Metallic

The Power of Dreams

Indicated CO<sub>2</sub> and fuel consumption figures quoted are obtained when testing the vehicle in line with the compulsory requirements of SANS 20083 and therefore may not necessarily be achieved under day-to-day driving conditions. Actual fuel consumption figures may be influenced by a range of factors, including but not limited to vehicle maintenance, driving style and behaviour. Fuel consumption may be further affected by the environmental factors and conditions under which the vehicle is operated including altitude, road condition and traffic flow. The figures used in this guide should therefore be treated as indicative only.

Honda Motor Southern Africa (Pty) Ltd. reserves the right to change and modify equipment or specifications at any time without prior notice. The models illustrated in this brochure may show specifications for various markets and not specifically for Southern Africa. They may include optional equipment and accessories not fitted as standard. Subject to error. For precise information, please contact your Honda Dealership. © Honda Motor Southern Africa (Pty) Ltd.
